we search for truth
and we find knowledge,
we ask for forgiveness
and we find friends.
we walk along the path
and we destroy it's obstructions,
we travel on further
and discover our fate.
we seek, we find,
we travel, we discover.
we are impressed,
we are depressed;
but we are here.

the old and the new,
two timeless entities in time.
to begin at the end and
to end at the new,
is foolish.
let us dedicate ourselves
to the new,
the new beginnings of people,
and the newness of time.

ADMINISTRATION AND FACULTY

CARONTAWAN INTERVIEW:

DR. LAWRENCE PARK

a candid conversation with the President of Mansfield State College

CARONTAWAN: What do you feel is the cause of the general lack of concern by the students on this campus to get involved?

Dr. Park: "I don't think it is different from any other place I've been. It's just a complaint that the students always seem to have about themselves. However, it depends on the issue. Education is a personal matter and what happens is that students get deeply involved in their own work. Education is time consuming and students don't want to get sidetracked."

CARONTAWAN: What is the future of blacks on this campus?

Dr. Park: "I expect in the foreseeable future that we will have more blacks here. In order for the black student to be successful on this campus, the campus has to change in some respects. People have got to be more understanding. I think we have to make changes to provide more opportunities for the black students. Now it is a matter of how fast and how many students we can integrate effectively."

CARONTAWAN: Are there any changes in store for Mansfield State College in the near future? Are there any changes that you would like to see initiated?

Dr. Park: "There are many I would like to see. Whether or not they can be initiated is something else again. I have proposed to the faculty a three year B.A. degree plus a two year service concept related to several fields. In the near future, we will have added strength in the Art and Science programs with perhaps some limitations to the number of students in teacher education. What growth we have will be primarily in areas other than teacher education, except for areas where there is still a high or new demands."

CARONTAWAN: Do you favor the present sports program we have here at Mansfield State College?

Dr. Park: "I favor a reasonably strong varsity sports program. I have reservations about the way it is funded. I believe varsity athletics add to the dimensions of the College and this College is better for having a program. We may be spending a disproportionate amount of en-

ergy on the varsity program and not enough on what I call 'carry-over sports' — those things that would be useful all their lives. I hope students learn to play and appreciate golf, tennis, and other activities he can play until he is 80 years old. I also think in our program that we don't give fair enough shake to women and I hope to see some changes there."

CARONTAWAN: If you had one wish concerning Mansfield State College, what would that wish be?

Dr. Park: "If I had one wish, I'd like to be able to move back about ten years in time and really have the chance to do planning for the period we are in now. The reason I say that is because that particular ten year period was probably the most exciting in terms of higher education in the whole country. The next ten year period may not have the advantages that the previous period had."

MANSFIELD STATE COLLEGE

Indicating a broadened concept of professional preparation, the Pennsylvania Legislature authorized the general title, Mansfield State College, on January 8, 1960. With the commencement of this twelve-year period and the continuing influx of students came four new dormitories — Oak Hill Hall, Hickory Hall, Laurel Manor, Maple Hall. However, the expansion of the intellectual and physical capacities of the students in accordance with ever-growing volume of knowledge necessitated further changes, including the "Hut"; Manser Dining Hall; Butler Center; Memorial Hall, the all-important Student Union Building; additions to the Administration Building and the Library; the Planetarium; and Decker Gymnasium.

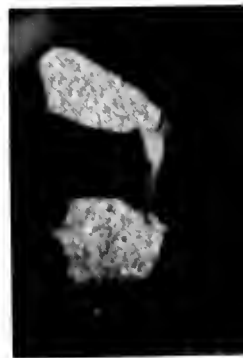

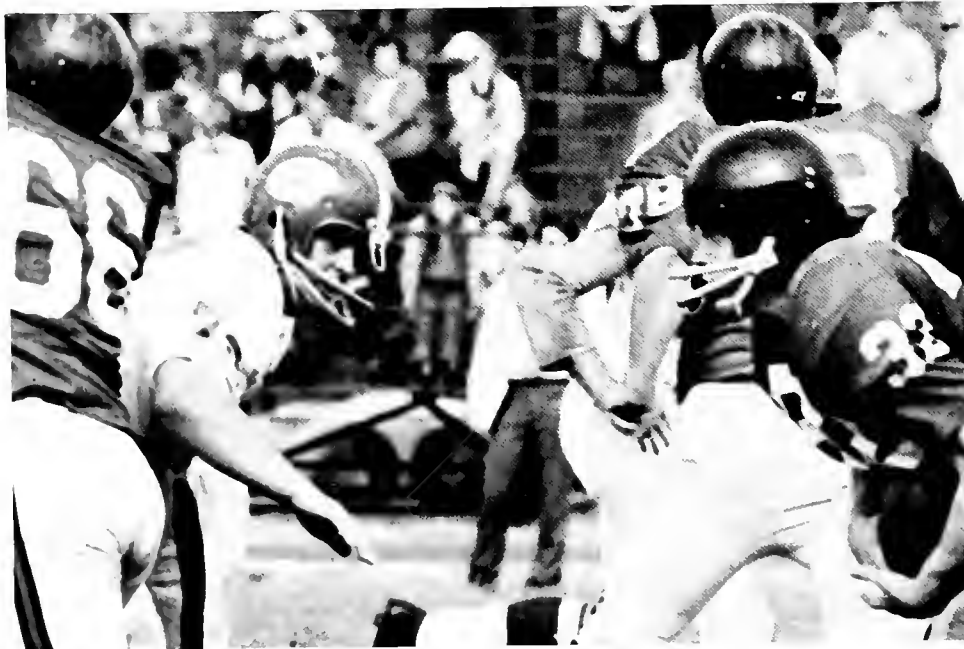

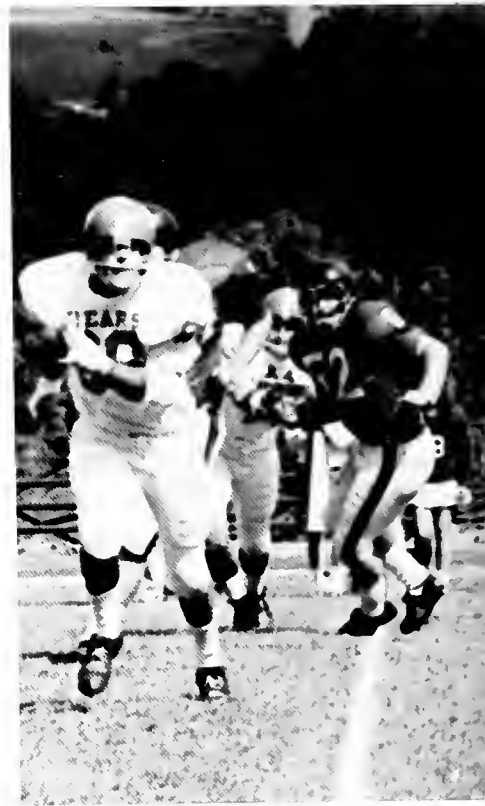

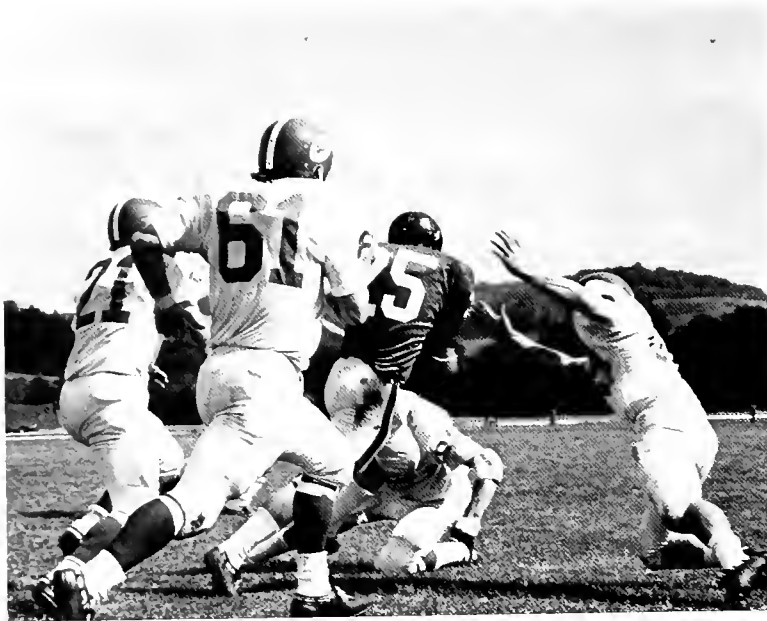

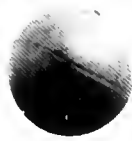

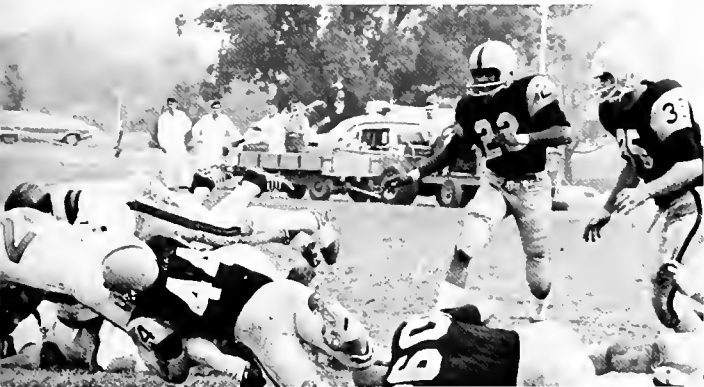

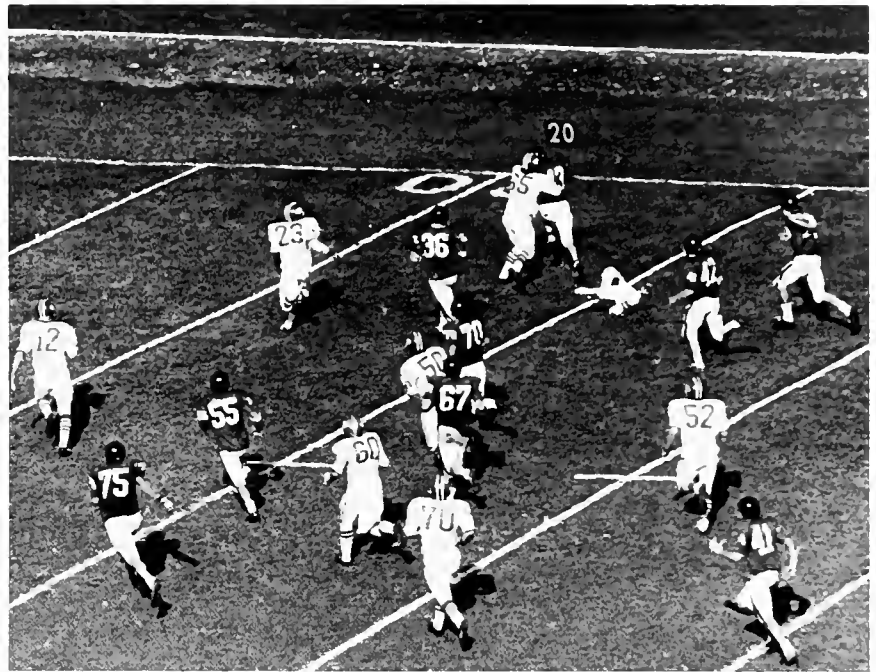

Such were the attempts to keep pace with the demands for higher education. With better learning facilities and more complete preparation in teacher education and liberal arts, Mansfield State College could thus contribute to the pursuit of higher learning as proposed by Col. Hoard.

VARSITY BASKETBALL

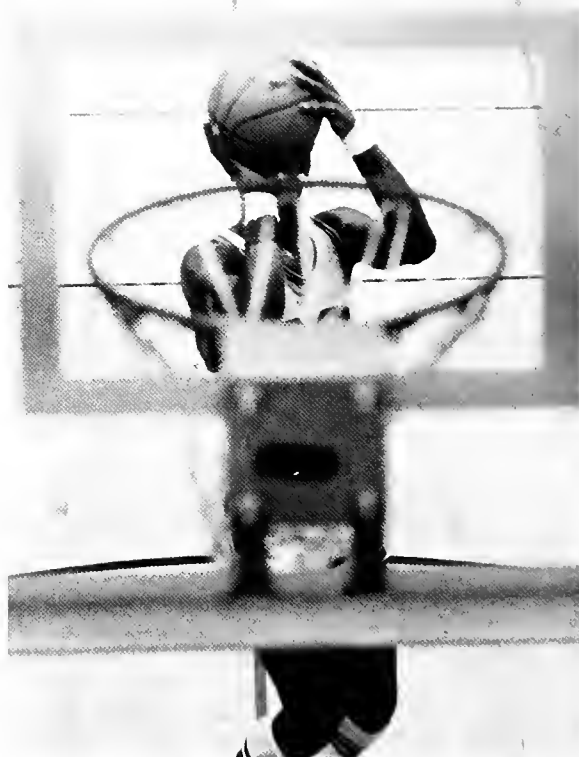

Although M.S.C. failed to receive a bid for a conference section berth, it is not an indication of the team's inability to play ball, but of the overall competition in the conference.

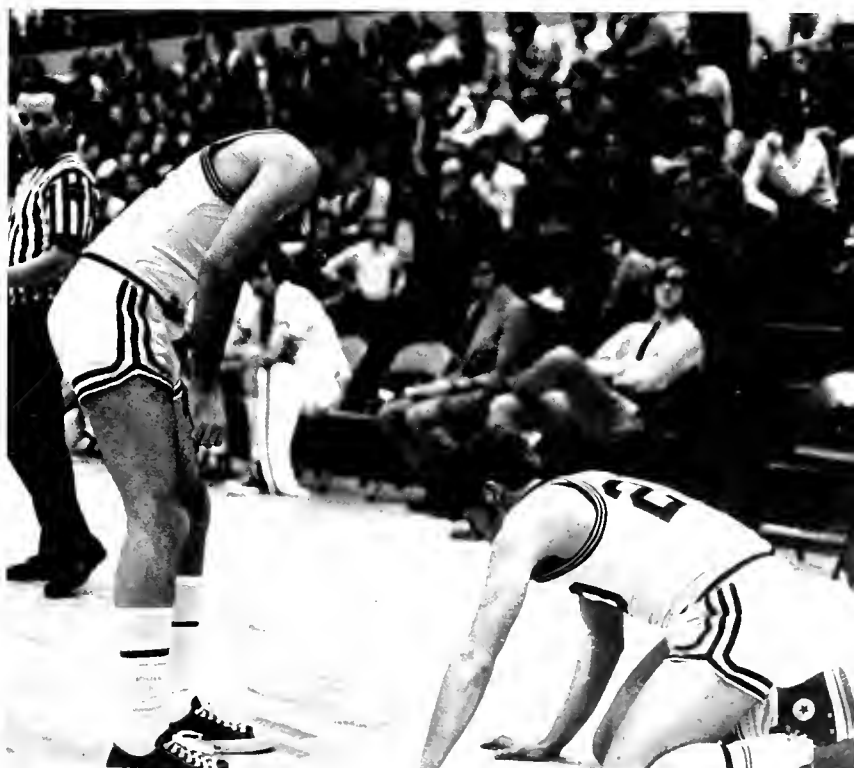

Coach Wilson's "netmen" compiled an overall win-loss record of 14 wins and 8 losses, losing such tight games as with Cheyney State, which went into double overtime, to be lost in the last 2 minutes of play.

Mansfield was blessed this year with the presence of scoring ace Art Allen, who, it seems, did everything but pass out the towels during halftime.

Also returning was ace Dennis Lomax, along with Marty Brumme, Walt Winch, Dave Lynch, and Bill Boyce.

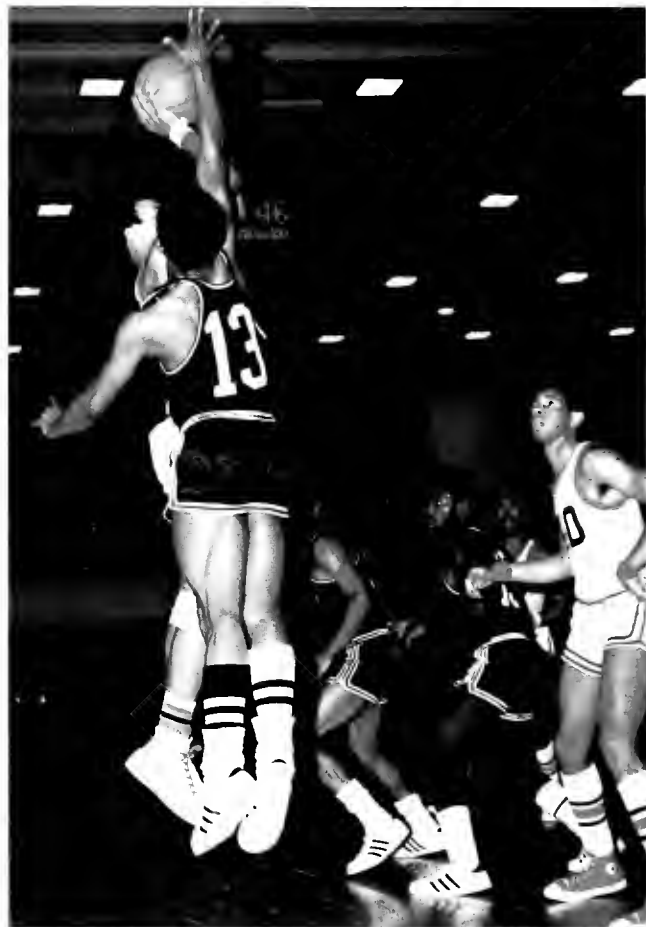

We say good-bye to senior Co-captain Reggie Lang who has been a necessary starting asset to the team and to seniors Steve Bryant and Hal Price.

VARSITY WRESTLING

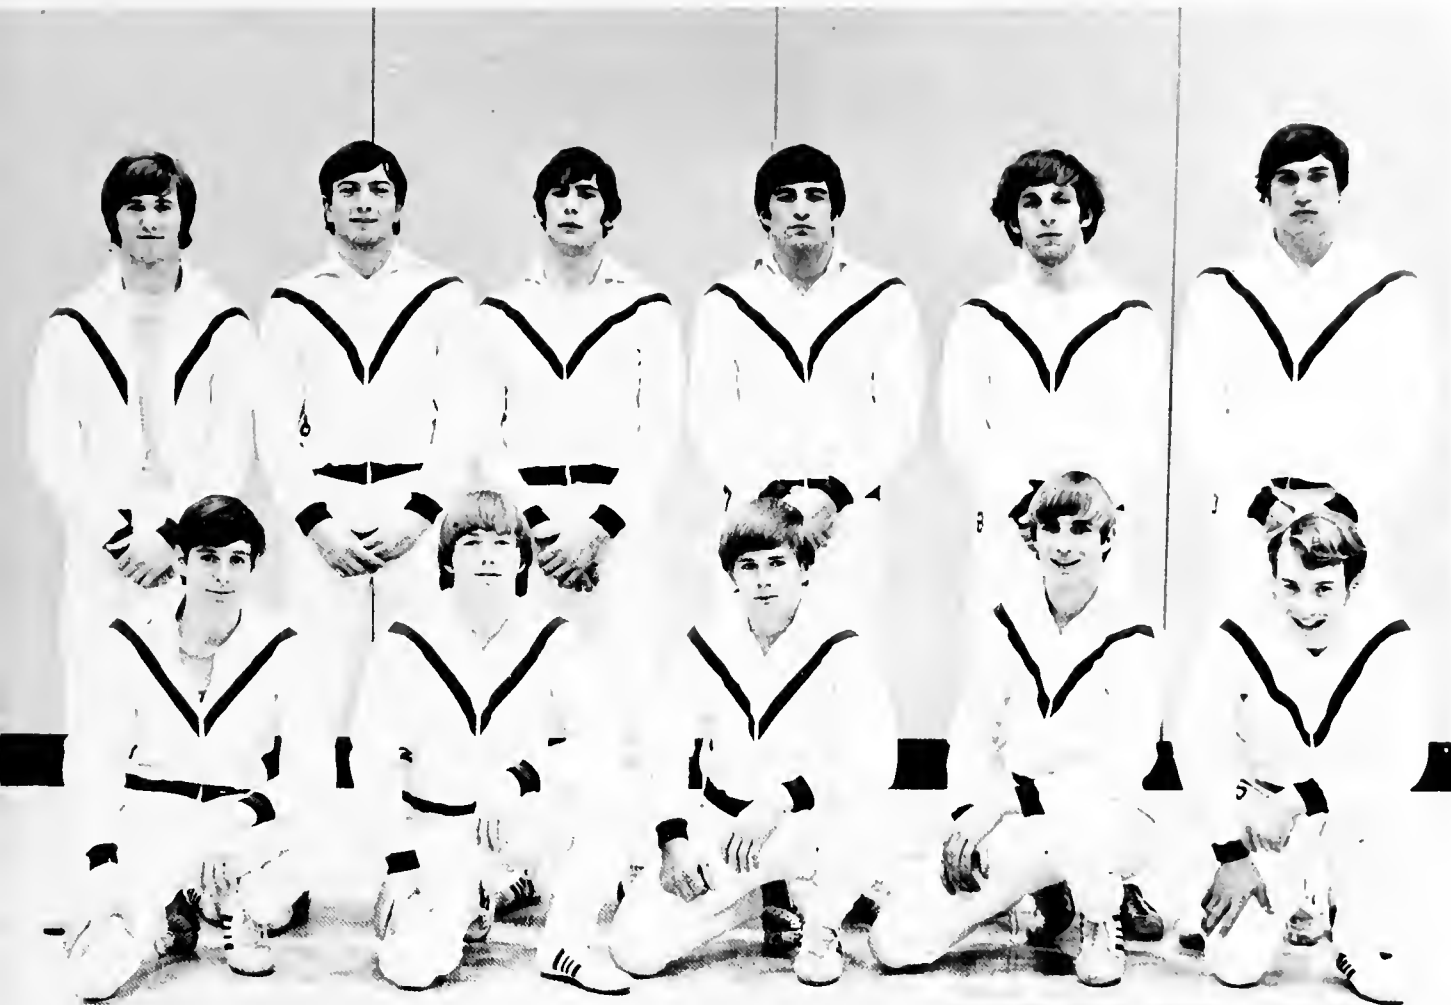

The M.S.C. "Matmen" seemed to come out ahead this year, chalking up the best win-loss record in five years despite the seemingly poor attendance at the home matches. With 10 wins and 10 losses and against a very stiff overall conference schedule, the Mountie Grapplers managed to beat the tough competition and come out on top with a respectable record. The team, coached by Mr. Shaw, was headed by tri-captains Jack Martin, Don McKee, and Mike Picketts.

The Women's Field Hockey team had a winning season with two wins and 0 losses. They began the season with a scrimmage against Susquehanna University on September 27. Several goals were scored by each team. This showed the strong defensive positions but a definite weakness on the offensive. They opened the regular season against Lycoming College with a decisive 5-1 victory. Here the line and halfbacks began to work together as a unit and showed some offensive drive. The defense also played an outstanding game. However, two weeks later, in a return game with Lycoming it was much different. This was a brilliant defensive game with "Peanut" Frailey scoring the decisive goal late in the game. The Bloomsburg game was rained out and because of lateness in the season it was not rescheduled. Five seniors played their last game for M.S.C. They were half backs M. Fly, C. Gabel, N. Kocher, and M. Himmelberger and goalie, S. Lamborn.

SPECIAL EVENTS

PARENTS WEEKEND

SEPTEMBER 24-26, 1971

. . . This year Parent's Weekend was acclaimed as the greatest in the history of the college and over 2,000 anxious Moms and Dads were on hand to witness the terrific football game with Bridgewater State of Mass. . . . to the delight of all those who attended, a capacity crowd in Decker viewed an exhibition NBA basketball game between the Buffalo Braves and the Cleveland Cavaliers . . . a lot more happened, but unfortunately went unrecorded for any future eyes to read . . .

HOMECOMING WEEKEND

OCTOBER 8-10, 1971

. . . a conglomeration of fans waiting for the spectacular outcome of the football game with Cheyney State . . . a gala parade downtown and the crowning of Charlotte Morgis as the reigning MSC Homecoming Queen of 1972 . . . a concert in the newly opened Decker Gym with Sugar Loaf and NYRE who saved the weekend when Linda Ronstadt cancelled out at the last moment . . . and most important the students and alumni who managed to survive it through a not so boring weekend at MSC . . . and would you believe it, no snow, but rain?!

i kick up
a snow crusted leaf,
the last remains of a fall
that has gone forever.
gone, forever into timeless bliss,
present in a snowy mist
outside my window,
today.
the children laughing,
the children sighing
without cares and
without worries.
oh to be a child,
glad to be a child.
i am a child,
today.

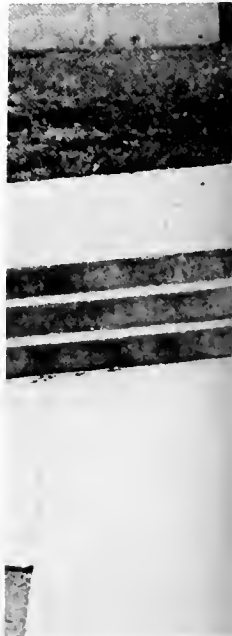

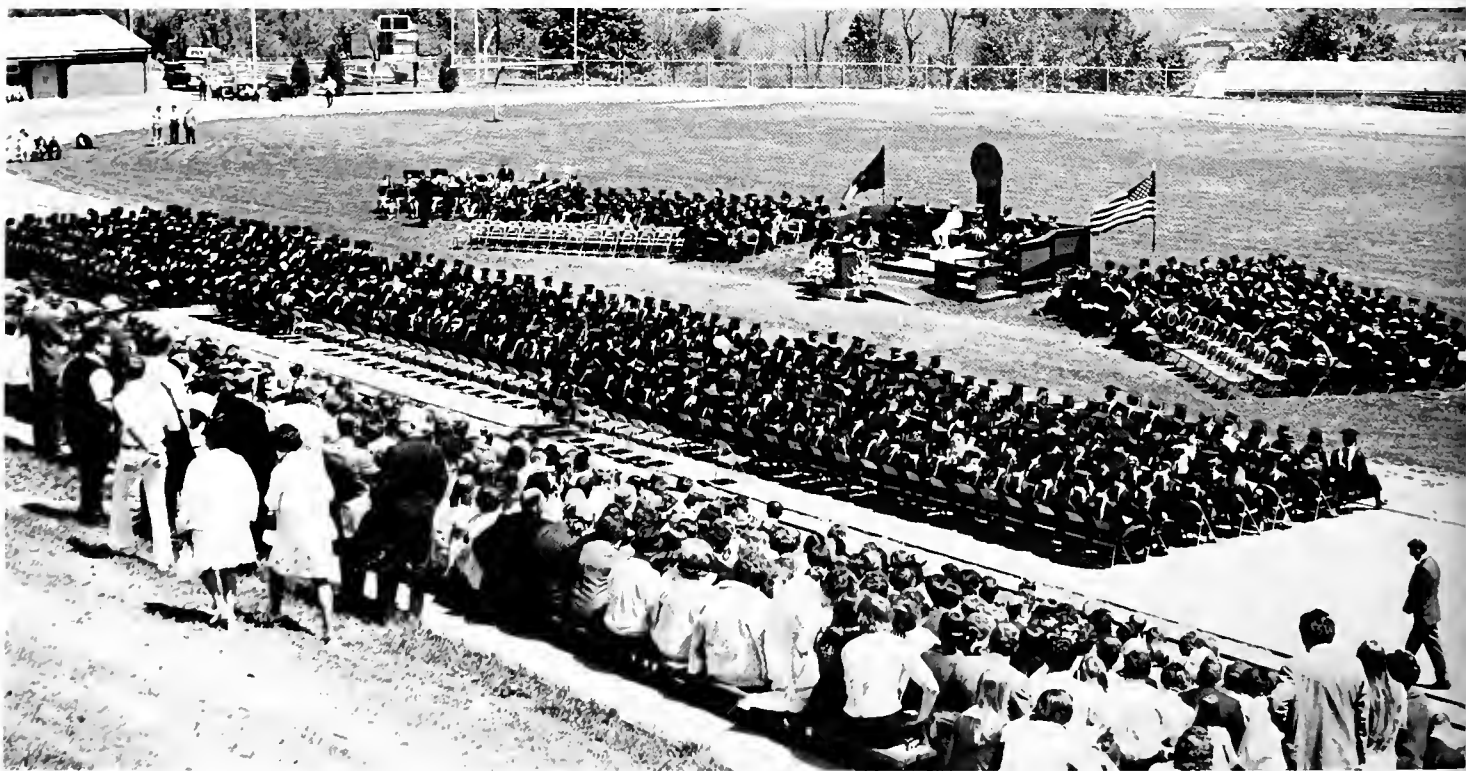

IN MEMORIAM

William Shelinski

Robert A. Farrell

So slow to anger or rebuke,
So quick to sparkling laughter,
His presence was loved
By all; and now, his memory after.

A high-contrast black and white photograph. The lower half of the image is dominated by the dark, silhouetted branches of a tree, possibly a pine or cypress, with dense, needle-like foliage. The tree's silhouette is sharp against a very bright, almost white sky that occupies the upper half of the frame. The sky has a grainy, textured appearance. The overall mood is contemplative and dramatic.

people i have known
and places i have been.
never seemed to turn out
what they said it should.
i can only hope
that someday soon,
i'll become the man
i said i would.

i'll build my tomorrows
on yesterday's dreams.
and look towards the future
to a brighter beginning.
where my goals will be lofty
and my ambitions will be high.
where man can find man
and there find, eternity.
